#### **A1-301 Purpose and Intent**

In recognition of the potential for industrial uses surrounding the historic property, Sully is currently the only Historic Overlay District that requires a 200 foot wide planted buffer around the historic property. In addition, the Sully Historic Overlay District was created to encompass land areas located within one-fourth (1/4) mile of the Sully Property, making it one of the largest Historic Overlay Districts established by this Ordinance.

All uses permitted by right, special permit and special exception in the underlying zoning districts, except as follows:

1. In residential developments, commercial uses shall be limited to those uses permitted by right, special permit, special exception or as either an accessory service use or home occupation pursuant to Article 10.

acquisition. The minimum planting shall be in accordance with standards established by the ARB.

6. The Board of Supervisors may approve a special exception in accordance with the provisions of Article 9 to allow outdoor storage in association with a warehousing establishment in the I-5 and I-6 Districts if the Board determines that such storage would not be visible from the Sully complex or the approaches to the Sully complex and would not be incompatible with the purpose of this district. In such a case, the minimum yard and building location requirements shall be as determined by the ARB.
