DISPOSAL FEES

Fees for disposing of refuse are based on volume (cubic yards) or weight (pounds). The county reserves the right to base the fee on either volume or weight. Customers may request that the disposal fee for bulk waste be based on weight rather than volume.

If weight-based pricing is used, the vehicle will be weighed on a scale and the fee calculated based on the weight of the waste.

There is a minimum fee for disposal of materials.

Recycling is always free!
